💬 Retrospective

What we managed to do	What was stopping you from work?	What can be done to make the work better?
Correctly logged time	Didn't find solutions to some tasks	Be more attentive and curious
Started improving database knowledge	Missed the bugs	Make a checklist for Regression
More confident during Demo	Didn't make a checklist for Regression	Complete all planned tasks
Good understanding of the product	Additional tasks were not fully completed	Plan more carefully
Spoke English on Daily	Missed 1 Refinement meeting	Create test plan for smoke testing
Completed compatibility testing	Overestimated meetings	Try get used to keep managing activities
Bug reports created better and faster	Didn't create test plan for smoke testing	
Worked with Lighthouse	Hard to keep managing activities for Jr testers	
Met and test new unfamiliar features		
Managed with task despite some bugs		
Continue doing in friendly atmosphere		
Could ask team members about help		
Kept to the schedule		
Better estimated our work
